

Ask for Passion

When I created My Family in the Garden, it was with the plan to use My Glory through man. I want My man to walk full of My heart and with My desires as his heart's guide. It requires Passion to accomplish, or the flesh and the fallen nature will stop it. Passion is the driving force that pushes forth My servant in this, the end of the age. Passion is the force that the World will see as real in the midst of all that is hypocrisy. As you follow My leading with Passion, a force is released in the Earth that won't be stopped. No matter how dark the World, My Light will be released.

So I Command you to walk with Me in Passion so I can release My Kingdom in the Earth with signs following. The Wisdom and the Ability will come from Me. Man's wisdom comes from the fallen nature, which will stop My light from manifesting; But not so the Wisdom which comes from Me. It is always your choice which wisdom you will follow but know that as your Passion grows, you will pay less and less attention to the wisdom of the World.

Ask Me daily to increase your Passion for My Kingdom. I can and will do that. Have you ever heard someone say to pray that way? [No Lord] Well it is My Word for this time in History. I instruct you to start now. I want you to start telling all you meet to ask Me for a Passion for My Kingdom.

Do you see My heart in this? [Yes Lord, I Do] I had Passion for My Father's will to be done through Me while I was on Earth and now I Command you to go after that same Passion. It is here and I am giving it to whosoever asks for it. It is the driving force to take My Warriors into the Glory. It is the End Time force that will cause a hatred of sin and a resolute desire to walk Holy with Me.

Resolute is not a word spoken much in the World because it is a Kingdom Word that describes True, God given Passion. I was resolute in My determination to do My Father's will. It drove Me to the Cross for you. And now My True Warriors will require the same Passion to complete, that which is required of them.

The Islamic warriors for the Kingdom of Darkness understand what that means but My Church has no concept of what is required of them to win the upcoming battle. Islam does it based on hatred; My Kingdom does it based on Love, but that does not mean that you lie down and let them walk on you. You see, the Church doesn't understand how to do that.

Passion will drive you with a pure heart before Me into battle in love. "Not My Will But Your Will Be Done" will be your battle cry and "All Things Are Possible" will be the end result.
