

# Kingdom Flow

## Prophetic Word

When your Spirit is in tune with Me and We are walking as One, you sense or feel what the Church has called the Anointing inside. Many have said it is because Holy Spirit has come on the scene and IT can be easily grieved. That is not true; I am not an IT and I am not as easily grieved as you think. What happens is, your faith in what is happening is based on how you feel. The Church believes that as the feeling of Joy increases it causes you to have tears and to choke up; so you have decided that if you don't feel something, then My presence is not strong. That is a lie. Teachers have taught you to base your faith of My presence on feeling. "Be real careful in service and during worship so you don't grieve the Holy Spirit." Have you ever heard that taught from the pulpit? It is a lie!

**I am not the one who backs away, you are!**

What happens is that your focus is changed from Me and what I am doing, to you and the physical realm. This causes your Spirit to disconnect from My Flow that I am directing at that moment. When We all focus on the Kingdom at the same time, we are One in the Spirit at that moment. Jesus is able to energize among you the Spirit of Life and We all share the Mind of Christ together. Since your emotions are closely connected to your Spirit, you feel the Kingdom Life that you are abiding in at that moment. It all has to do with your focus; Spirit and Life or carnal and darkness. Know that it is a result of your focus and not Me leaving you.

Have you ever been to a gathering where I was 'flowing' and someone got weird and I quit 'flowing'; or to a time of worship when I was 'flowing' and someone noisy and left and I did not stop 'flowing'? I did not stop 'flowing' either time; you as a group either stayed focused on My Spiritual Flow or changed your focus to what was happening in the natural realm.

Understand it is more difficult for a larger group to stay focused on Me than just a few, but if My people are taught correctly and choose to stay focused on Me, I will do more in the corporate setting; focus is the key. It is then that I can manifest the Kingdom and demonstrate My love through you to the World around you. The visitors I brought to the meeting will see Me.
