

Don't Fall Back!

Prophecy given by Thomas

Don't fall back. Don't fall back in the way that the church thinks about things. When I give an assignment to somebody, when I give you a job to do, remember I'm the teacher and you have all moved to the place, where you see Me as that teacher. Don't be afraid, don't be concern that you will miss Me; Don't be concern that the Devil can come along and teach you something that isn't of Me; Don't be concerned, but look and listen and stay in tune with Me.

For I have equipped you with failsafe modes and safeties in the spirit realm that when something is not of Me, I let you know. That is why I've said don't even go looking for sin. For when it's there, I'll tell you. But I want you focused on Me and I have no sin. I want you focused on My Kingdom and the Devils not in My Kingdom. I want you focused on life and there is no death in My life. So focus on Me and on the assignments that I give each of you.

Don't look at other people. Don't try to figure out why they are doing this and what this is for; realize that the people that I put you with, the situations that I put you in, are there for a reason. They are there to train you. Yes, you will help others in the process, but I am training this group to be trainers. I'm not interested in you doing the works and signs and wonders now, those will follow, those will be easy; those will be things that you will look at people and say oh, there is nothing hard about that, what's the big deal. But I want your doctrines right; I want your hearts right; I want you to know what you know, and I want to use you to draw lines.

For people will come and say this is right and this is wrong, and you'll look at them and say oh no, this is right and that's wrong and you'll know it, and they'll know that you know it, and they'll know that you are right. And then the decision will have to be made by them whether they will let go of the old and what their pet pleasures are and follow Me or choose the way of the world and the flesh; which truly operating in the spirit apart from Me is nothing but flesh. It's the flesh being gratified through it's control of how the spirit functions in that person.

So don't look around and judge people and judge things, just keep your eyes on Me. I know what I'm doing and I don't make mistakes and if you will stay in tune with Me; if you'll spend the time to pray in the spirit; if you'll spend the time when I say go read this scripture, go read that book, go get quiet with Me; whatever it is I tell you to do, if you will do it and be obedient, I will lead you to the truths.

There are many, many, many pit falls, many holes, many traps, but I know where every single one of them is and I will not let you fall or be tripped up by any of them, if you will stay in tune with Me

Understand, you are too valuable for coincidence. Everything that comes down the pike I am using to train you. So instead of judging it, ask Me what it is you are to learn and I will teach you.

I'm very pleased. I'm very pleased, but I am waving a warning flag. Do not go back to judging things the way the Church judges them, but judge with righteous judgment because your will is My will and you trust Me and you allow Me to lead and guide, direct and train you.
