

I AM the Deliberate Creator of my life!

The life I am creating is mine and I am doing it with my thoughts, feelings and words.

Therefore I am aware of my thoughts and I choose my thoughts carefully because what I focus on with my thoughts and feelings is what I am attracting into my life.

What I think about, I bring about. My life is a physical manifestation of the thoughts that go on in my head.

Therefore I think about You Holy Spirit; I think about the Spirit realm; I talk with You all the time; I Expect You to answer me always; I Expect You to move in every situation; I talk to others about what You have said and done, and I ALWAYS obey Your instructions!

I walk and talk with power and authority
Because
I KEEP myself focused in the Spirit.

I stay focused on Who I Really AM!
